

Let's Reduce Our Carbon Footprint

Climate change is already affecting Cerklje na Gorenjskem. Through our everyday actions, each of us can help reduce our impact on the environment.

We Are Already Feeling the Effects of Climate Change

HIGHER WINTER TEMPERATURES

More frequent heatwaves and prolonged droughts.

SHORTER SNOW SEASONS

Winters are becoming milder, with shorter periods of snow cover.

LESS NATURAL SNOWFALL

Less snowfall and shorter-lasting snow cover.

FEWER OPPORTUNITIES FOR SNOWMAKING

Warmer temperatures reduce snowmaking opportunities.

MORE INTENSE RAINFALL

More frequent heavy rainfall, storms and local flooding.

MORE FREQUENT EXTREME WEATHER EVENTS

More frequent storms, hail and extreme weather events.

How Can We Help?

SUSTAINABLE MOBILITY

Walk, cycle, use public transport or carpool.

SAVE ENERGY

Use energy efficiently and choose renewable energy whenever possible.

SAVE WATER

Every drop counts. Use water wisely.

REDUCE WASTE

Reduce waste, reuse materials and recycle properly.

RESPECT NATURE

Keep nature clean and protected.

SUPPORT LOCAL

Choose local to reduce transport emissions while supporting the local economy.

Every Sustainable Action Counts

Together, let's reduce our carbon footprint and keep Cerklje green for future generations.
